Prof.dr Elske Ammenwerth, *UMIT*

Renate Nantshev, *UMIT*

Prof.dr Ramo Šendelj, *UDG*

Number of participants: 3 participants from 2 institutions

First part of the meeting was focused on making analysis of reported and validated expenditures as well as planning for the period till end of project.

Prof.dr Elske Ammenwerth together with project coordinator, Prof.Šendelj, made comprehensive plan for use of funds till end of the project. They agreed to use funds from sub-contracting category for printing and publishing of Textbook which is in final stages of preparation and which will be published by IOSPress.

The second part of the meeting was aimed on sharing experience of UMIT as well-known private university in the field of medical informatics to UDG, which is also private university which identified as own priority for development the field of medical informatics.

Prof.dr Elske Ammenwerth presented recently developed online program in the field of medical informatics, as well as their cooperation approaches with hospitals and other relevant institutions at regional level.

We also discussed about potentials for credit mobility programs, but German language as a key prerequisite is identified as one of major barriers. However, both professors agreed on continual collaboration after project duration.

Integral part of this report are budget tables and other documentation, which are not publicly available.
